

## NUMERICAL OPTIMIZATION: ASSIGNMENT 9

DEADLINE: the lab on 2024.06.03

Due to the holidays, this assignment is a chance to catch up with some previous tasks that you may have missed. You can hand in Assignment 8 for 100% of the points.

1. 2.5 points Choose at most one task from Assignments 1–7 which you do not have full points for and do it. If there are no tasks which satisfy these conditions, this task is completed automatically.
2. 2.5 points Choose at most one other task from Assignments 1–7 which you do not have full points for and do it. If there are no tasks which satisfy these conditions, this task is completed automatically.
